Relief	Flatland
Elevation (above sea level)	45 m
Soil	Sand & Sandy loam
Climate	Df – wet all seasons
Main growing season	April – October
Average annual temperature	9,8 °C
Average annual precipitation	742 mm
Precipitation	Evenly with peak in June – July, December

### Particularities

The family farm is specialised in bull production and sells an additional 20 ha of wheat and barley. With 1.5 labour units it produces 280 Simmental bulls per year. The feed ration consists of maize silage and concentrates. The farm operates with a mixture of old buildings with refurbished interior as well as a new open stable. Contract work is used for harvesting maize and cereals.
