- Distinct cooperation and communication ability; competency of working with people from different cultural background
- Ability to present facts for different audiences comprehensibly verbally and in writing
- Very good English language skills (verbally and in writing)
- Readiness and ability to travel domestically and internationally

We offer the opportunity to work in an active and stimulating research environment on highly relevant research topics at the interface between research and practice, using contacts to national and international research institutions and organisations. As we put special emphasis on the professional and personal further development of our staff, we offer a family-friendly work environment, flexible working time models as well as comprehensive opportunities for training and further qualification.

Apart from the professional assignments we offer an opportunity for further scientific education, particularly work on a dissertation or habilitation. Own results obtained in this project may be used for the doctorate or post-doctorate studies.

The salary is determined by the German collective civil service wage agreement (TVöD). The salary level is 13 TVöD. Should qualified applicants be interested in part time employment, the TI will consider this option.

The TI promotes the professional equality of women and men and thus expressly encourages women to apply for this position. Equally qualified handicapped persons will especially be considered. Only a minimum of physical ability is required for this position (among it the ability to travel independently by airplane).

For further information please contact Dr. Claus Deblitz (E Mail: [claus.deblitz \(at\) ti.bund.de](mailto:claus.deblitz@ti.bund.de); Tel: +49 531 596 5141).

A written application with a curriculum vitae, a tabular overview of the academic and professional experience as well as copies of transcripts (preferred electronically in a single PDF file), with the notation 2012-16-BW, must be received by July 31, 2015 by:

Dir. u. Prof. Dr. Hiltrud Nieberg, Institut für Betriebswirtschaft, Johann Heinrich von Thünen-Institut, Bundesallee 50, 38116 Braunschweig, Email: bw@ti.bund.de
